OBJECTIVE

Frontend Developer skilled in React/React Native, delivering user-friendly web and mobile interfaces. Eager to contribute technical expertise and drive innovation in a dynamic role.

EXPERIENCE
at SquareIt-Solutions 03/2025 – Current

- Developed web applications using HTML, CSS and JavaScript.
- Assisted in developing and maintaining user-friendly websites.
- Tested and debugged code for compatibility across multiple browsers.
- Assisted clients with domain-to-hosting connection, website migration, and resolving DNS propagation issues.

PROJECTS

Flyafe - *flyafelucknow.com*   *Intern - project*

Developed the Adventure Flight Education Academy website using ASPX with C#.
Built a responsive, user-friendly interface to showcase aviation training programs and expert-led sessions.

React Restaurant

Built a responsive web application utilizing React, Tailwind CSS, and Redux to deliver an interactive shopping cart experience.

Weather App

Built a mobile Weather application using React Native and REST APIs, implementing live search capabilities to provide instant weather information for any global location.
